Introduction

What is Together We Can?

Together We Can is an annual multi-disciplinary conference that focuses on the children who have experienced abuse or neglect. The children may be in foster care, residential care, kinship care or have been reunited with their birth family. We provide many educational opportunities for professionals featuring both national and local experts. The TWC conference is geared toward social workers, attorneys, judges and court staff, CASA volunteers and staff, children's advocacy centers, law enforcement, educators and child welfare stakeholders—all working to make a difference in the lives of Louisiana's abused and neglected children.

The Together We Can conference offers in-depth learning opportunities which address policy and practice concerns. There will be keynote addresses focused on the latest trends and institute sessions allowing more intensive attention to the selected topics. An awards evening will be held on Wednesday to honor those who have demonstrated commitment above and beyond on behalf of children.

There are several organizations which have chosen to collaborate to create this annual event. In 2002 it was determined that there were several similar events being held with similar speakers and often the same audiences. Their efforts and funds were pooled to create the larger single event which now averages 650 or more people attending. Current coalition members are:

- Louisiana Supreme Court—Court Improvement Program
- Louisiana Department of Children and Family Services—Children's Justice Act
- Louisiana CASA Association
- Louisiana Child Welfare Training Academy
- Louisiana Foster and Adoptive Parents Association
- National Association of Social Workers-Louisiana Chapter
- Louisiana Children's Trust Fund
